## Recruiting Military Veterans for a Research Study:

*Reacting to Stressful Events: How Veterans Cope*

HRP

APPROVED  
Human Research Protection  
Protocol # 1509003892  
Approval Date: 9/24/15  
Expiration Date: 9/23/16

*This study will help us understand how Veterans respond to stress. Being in the study includes answering an **anonymous**\* survey with questions about your demographic information, past stressful experiences, use of drugs and alcohol, and how you solve problems. This survey should only take about 30 minutes to finish and you can do it online on your own or in-person by appointment.*

*\* We will **not** be asking you for **any** identifying information and your survey cannot be linked to you. Your privacy is very important to us.*

You may be in the study if you are:

- at least 21 years of age,
- a Veteran of the United States Armed Forces
- able to read and understand English

### **Compensation:**

You will have the option be entered in a raffle to win one of three \$25 Amazon gift cards. If you are interested, your contact information will be collected in a separate survey to protect your privacy.
